

## Program TALENTIA SENIOR 2018

The Instituto de Investigación Biosanitaria de Granada (Ibs.Granada) accredited as Center of Excellence by the Instituto de Salud Carlos III seeks out motivated researchers with an excellent scientific and leadership curriculum to attend the 2018 TALENTIA SENIOR call.

### It is offered

Talentia Senior offers three-year contracts at public research institutions in Andalucía, with a salary package ranging from 62.000 to 92.000 EUR per year, depending on experience, and a relocation allowance between 2.000 and 6.000 EUR. The contracts could be extended for further three-year periods pending a positive review from the Evaluation Committee.

Four salary levels are established. This levels will be allocated by the Evaluation Committee according to the experience and current status of the candidate in their scientific career. Amounts are gross and include Social Security Costs.

- Level A: 92.000 EUR.
- Level B: 82.000 EUR.
- Level C: 72.000 EUR.
- Level D: 62.000 EUR.

An additional lump sum will be allocated in order to contribute to relocation costs:

- Within Spain: 2.000 EUR.
- From the European Union: 4.000 EUR.
- From outside the European Union: 6.000 EUR.

The host institutions will receive an additional 5% of the total costs as a compensation for indirect costs, and up to a further 1% for audit costs.

### SUMMARY OF CALL RULES

The application should include, besides the research project and information about the host institution, an abbreviated curriculum vitae of the researcher and a signed agreement between the institution and the researcher stating the mutual understanding of the call rules.

Templates for the abbreviated curriculum vitae and the agreement between institution and researcher will be available.

The researchers that would carry out the research activities must hold a PhD degree, obtained at least five years before the call, and a potential for an excellent and international scientific career.

### Evaluation criteria

International research experience, leadership ability, impact of their research and its transfer, relevance of their scientific publishing, PhD supervisions, research projects and awards obtained, patents and other merits.
